TECHNICAL OFFICE

Notice of Foreign Proposals Concerning Standards in Agriculture. As required of all signatories to the GATT Standards Code, the following notification of foreign proposed standards-related rules has been provided for the information and comment of interested agencies and firms. The Technical Office invites inquiries from anyone who believes that any of the proposed regulations notified under this heading could cause a trade problem. Request for copies or questions can be referred to Carolyn Fillmore Wilson, USDA Technical Office, Building 1072 BARC - East, Beltsville, MD. 20705; or telephone (301) 344-2651. After reviewing a particular proposal, anyone interested in commenting on it should include the TBT Notification Number in their communication.

Japan - TBT Notification 86.60 The Japanese Ministry of Health and Welfare, Environmental Health Bureau, Food Chemistry Division has announced a proposal (product covered - food additives) to amend the specifications of food additives. The specifications shall be amended in order to promote their harmonization with international standards as well as standardization among specifications of related food additives. The objective and rationale for the proposal is public health. Final date for comments on the proposal is July 4, 1986.
